## "Community Outreach: Planting Seeds of Awareness and Support for Children with Special Needs"

As part of our ongoing commitment to making a meaningful difference in the lives of children with special needs, our dedicated and respected executive members, Anumita Ma'am and Amrita Ma'am recently embarked on a heartfelt outreach initiative. They had the privilege of visiting pediatric doctors in the community, engaging in invaluable conversations, and spreading awareness about the importance of therapies and remedial education for children facing unique challenges. During these visits, they didn't just offer words of encouragement – Projonmo acted. They have distributed saplings symbolizing growth, resilience, and the potential for positive change. Each sapling served as a tangible reminder of our shared responsibility to nurture and support every child, regardless of their abilities.

## Patience Extraordinary

This edition is an ode to the parents whom we see the day-in, day-out, bringing their children to our center for therapy or special

education.

The enormous patience and the limitless endurance to help their child develop and grow into a productive adult is much more than to be admired.

We, at 'Projonmo', stand beside them and try our best to help their children develop to their level of ability; we salute these parents for their perseverance, parenting, their acceptance, and their work.

I always entertain the notion that I am wrong, or that I'll have to revise my opinion. But there's no second opinion of mine in saying that we need to not only appreciate and admire them but also stand by them.

## Projonmo's New Year Resolution for Children with Special Needs

This year, NGO Projonmo's center for children with special needs is committed to:

1. Expanding services to reach more children in need.
2. Enhancing educational opportunities with tailored curricula.
3. Launching advocacy campaigns to promote inclusivity.
4. Introducing vocational training for future empowerment.
5. Strengthening family support services.
6. Ensuring accessible infrastructure for all.
7. Continuously evaluating and improving programs.

Together, let's make strides towards a more inclusive future!

"Projonmo Centre celebrates Republic Day with joy and inclusion, embracing children with special needs in the spirit of unity and diversity.
